

Don't Ask

Using this blank template, design a chart for a colourwork hat (to be knitted at a gauge of 28 stitches to 4 inches). After creating your chart, knit your hat as follows:

Cast on 120 stitches and join for working in the round. Work in your choice of rib for 12 rounds; increase 36 sts (to 156 sts) and begin working from chart, repeating 3 times across each round.

When all chart rounds are complete, 12 sts remain. k2tog around, break yarn, draw down through centre of gathered sts.
